Sumac

Sumac's Moroccan influences include dark wooden hand etched floorboards, a vibrant fuchsia colour scheme featuring rich, sumptuous fabrics, dark metal latticework and traditional Moroccan hanging lamps. A dramatic floor to ceiling cream curtain sweeps along one side of the room, and a bronze mirrored bar stands at one end. The space features high ceilings and rich colours – a reference to the spice from which Sumac takes its name.

Location

Sumac is located at Central Pier Docklands, with the heritage listed Shed 14 providing the backdrop. Boasting stunning views of Victoria Harbour, Central Pier is the destination for Melbourne's hottest parties and events.

Venue + Cuisine

Drawing on the simplicity of the space and making the most of natural daylight, Sumac is transformed by night, its ambience enhanced by soft lighting.

Sumac offers a culinary experience which will not disappoint. The gently spiced Middle Eastern and Moroccan influenced menu created by Atlantic Group [v]'s Executive Chef – Catering Operations, Tom Milligan ensures Sumac lives up to the example set by the land of its inspiration. The menu includes an extensive array of plated dishes as well as an exciting mix of food stations and bars designed to make the food a defining feature.

To complement the mouthwatering fare, our wine list is extensive, including varieties from large and boutique wineries throughout Australia and New Zealand.

Sumac's functional design houses green rooms, stylish bathrooms throughout and a mezzanine level for those who need extra space. If stunning architecture, style and modern
