

press*functions

Reservations at press* food & wine are taken on our first floor. This loft style space, is flooded with natural light. Plush booths and tables, exposed beams and raw brick set an inviting scene for an intimate get together or a feast for a crowd.

The food at press* is designed to suit shared dining. We feel this shared approach to eating enhances the sense of occasion that brings a large group of people together around one table. The menu designed by our Chef Andrew Davies, represents our philosophy of bringing the best produce from our patch of the earth to the table.

Our menus change with the seasons. If you have something specific in mind, or would like to include your favorite dish we're happy to discuss a menu with you. Dietary requirements are always taken into consideration when planning your event.
