

Big Pig Little Pig Moorabbin

Introduction

Big Pig Little Pig is an American BBQ Canteen in the Industrial area of Moorabbin. We opened in December 2015 and have had a wonderful first year with great feedback from the local Moorabbin and Bentleigh communities.

Our venue is designed for big groups and parties. We have long communal tables and a menu that lends itself to sharing. Our range of menus are listed below but if you have something different in mind we are always able to cater to your needs.

Our bar has an extensive range of beers as well as wines & spirits and we offer 8 different craft beers on tap. Our bar is a 'walk up' bar so it is easy for everyone to get their own drinks instead of running a single bill for the table.

We are able to cater for an exclusive function or we can host smaller dinners for your work social events. Our front beer garden is great in Summer and we also have an air hockey table for the kids,,,big & small!

Hours

We are licensed to operate 7 nights a week from 5pm. We are also open Saturday and Sunday from Midday for lunch.

Menu

Our menu is based around American BBQ, meats that are slow cooked overnight in a wood smoker. Our most popular dishes are Beef Brisket, Pulled Pork & Babyback Pork Ribs. We also have a great Mushroom Burger for our Vegetarian or Vegan friends as well. Big pig is also 95% Gluten Free and none of our foods contain nuts or sesame.

Guests

Big Pig is licensed for 140 patrons. We seat approximately 60 people on our floor area and also have five booths, which can accommodate 8 guests each.

Parking

We have our own undercover car park situated behind the Restaurant. There is also ample street parking at night.

Special Needs

We have disabled access through our car park as well as a disabled car space and a disabled toilet.

Equipment

We have one flatscreen television, which can be seen from most parts of the restaurant. It can take a USB stick or portable unit if you would like to do a presentation. We also have a projector if you require a larger viewing screen.

Any further required equipment would need to be hired which will be quoted on at the time of your booking.

Entertainment

We have hosted many bands at Big Pig and have a stage area for that exact purpose. We have different bands in our catalogue and can talk to you more in depth about these prices and options.

Exclusive Use Costs

Exclusive use of the venue comes with a minimum required spend. This amount can be used for food and alcohol and can also be split between a set menu and drinks over the bar. Exclusive use of the venue means that we will be closed to the public for the entire time of your event, which allows you to have full use of our sound system & AV equipment.

Mon, Tues \$3,000 min spend

Wednesday, Thursday & Sunday \$4000

Friday & Saturday \$10,000
