SWEETWATER

In 1829 Richard Jones a merchant and pastoralist from England purchased 10,000 acres at Singleton in the Hunter Valley from where he established one of his finest vineyards in the Patrick Plains Shore at Sweetwater Creek off Old North Road.

In 1844 from Jones's first plantings, his vineyard produced a total of 2,000 gallons of wine. The most recent vintage was planted in 1998 on the classic red/brown Hunter loam over limestone – a dirt that's synonymous with the best Hunter reds.

Sweetwater wines stands as a symbol of magnificence, a southern European inspired Vineyard Estate, producing multi-award wining wines.
