THE OFFICERS' MESS (BAR END)
SEATED 96 / COCKTAIL 175 / THEATRE 100

Having your ceremony in The Officers' Mess offers a range of possibilities. Choose the bar end of the room and have the whole room in front of you. Organise a backdrop, like the one featured, and you're all set. You then have the option of having a formal set up with your guests seated or a more casual option, where they congregate in and around our booths and cocktail tables and stools.

THE OFFICERS' MESS (BALCONY)
SEATED 96 / COCKTAIL 175 / THEATRE 100

The Officers' Mess balcony gives you the option to get married in a more open and casual setting where a backdrop may not be necessary, depending on your personal preference. If you're getting married during the day or late afternoon, you would also have some nice daylight (depending on the weather, of course!) and you can have the balcony windows open until 10pm.

THE CONSERVATORY
SEATED 20 / COCKTAIL 80

The Conservatory is a truly beautiful daylight space that really doesn't need much decoration. Perfect for both your ceremony and/or your reception, all you need to do is turn up, smile and your wedding photos are sorted. Trust us!

If you choose this as your ceremony space, your guests can either congregate casually through main bar, sitting at the existing high tables and bar stools and on the Conservatory banquettes or we could set up some more formal seating, if you prefer.

Frequently asked questions

WHAT'S THE DIFFERENCE BETWEEN A PRIVATE AND SEMI-PRIVATE EVENT SPACE?

The Officers' Mess is an example of a private event space, because it's totally separate from the rest of our patrons. You have your own access, your own bathrooms, your staff members and you can have your own entertainment. The Conservatory is a semi-private area because, while it can be sectioned off, it is still a part of Kittyhawk main bar so you wouldn't be able to have your own music or any kind of AV gear.

The Lounge is a non-exclusive space that is also within main bar and depending on the size of your group and the night of the week, you will most likely share it with other patrons.

CAN YOU BRING DECORATIONS / LIGHTING / AV EQUIPMENT?

Decorations, lighting and AV are not possible within the Conservatory or Lounge, unless you've booked the whole of Kittyhawk exclusively. Small table decorations may be possible if cleared with your event manager prior to the event.

Decorations and AV equipment are allowed in The Officers' Mess. Nothing may be stuck to the walls and all decorations must be removed by you when you leave the venue. Any AV equipment used in the space must adhere to any noise guidelines advised by management on the night. You may use our AV (additional charges may apply) or bring your own (please discuss with us so we can ensure compatibility).

In any space, lighting is only possible if not visible from outside the venue (this is per our building regulations).

MINORS

Minors are always permitted in The Officers' Mess, with prior consent. Minors are only permitted in Kittyhawk main bar before 4pm. This time limit also applies to the Conservatory and the Lounge, unless you have booked Kittyhawk exclusively.

I HAVE FAMILY TRAVELLING FROM OVERSEAS. IS THERE SOMEWHERE THEY CAN STAY NEARBY?

The closest hotel to us would be The Sofitel Wentworth, which is diagonally opposite us on the corner of Phillip St. and Bent St. Other nearby hotels include The Intercontinental, The Establishment Hotel and The Westin although there are many other hotels within a short walk or cab/Uber ride.
