What is Virtual Room?

- Virtual Room is the world's best team-based virtual reality experience
- Players in teams of 2, 3 or 4 people work together to complete the mission in a totally realistic virtual world
- Unlike other VR experiences which are single player or short experiences, Virtual Room offers a fully immersive experience for several people working together as a team, for up to forty-five minutes!
- Each player has their own dedicated room, specially designed and equipped with the latest virtual reality gear (HTC Vive). 12 rooms are available so 12 people can play at once.
- Players participate in the game standing up and will get to move around, search for items, manipulate objects and collaborate with fellow team members.

It's unlike anything you've ever experienced before - immersion, freedom, adrenaline, the ultimate thrill!

Who is Virtual Room For?

- Virtual Room can be played by anyone aged 12 and over
- It is a perfect team building activity, birthday party, hen's night or bucks event
- There is no strenuous physical activity required, all you need is a healthy, working brain!
- Players who normally wear glasses or contact lenses should wear these during the game
- Virtual Room is not recommended for pregnant ladies, people suffering from epilepsy or those in a wheelchair

The Virtual Room Mission

- The year is 2217. These are dangerous times. The Alpha team, responsible for time exploration, has disappeared.
- Your mission as the Omega team is to set off into historical periods of time such as ancient Egypt and the medieval ages to solve the puzzles and challenges - and save the future of the world!
- Be careful, you have a limited amount of time! You are humanity's last hope!

Players have 45 minutes to complete the mission

Players are monitored in the game and can request hints from a dedicated Game Master

Teams can compete against each other to see who finishes the mission first

Complimentary dress up photo shoot after the game
