

# Kittyhawk Cocktail Flights

Add some newbies to your home bar repertoire. Mock your bestie's less-than-awesome cocktail shake. Whatever your reason, learning to make cocktails and then drinking said cocktails is always going to be a good time. And if some of those cocktails involve flames — well, we've said enough.

## WHO

Groups of between 8 and 30 (larger groups can be accommodated on request)

## WHERE

Kittyhawk main bar or The Officers' Mess, Kittyhawk's upstairs function space, depending on availability

## WHEN

Monday — Saturday, 60–90mins, depending on group size

## WHAT

We have five packages on offer. Each package starts with a drink on arrival, followed by the chance to make two cocktails (with some professional help, of course) and finishing with some food to graze on. You're then welcome to stay on with us for more cocktails.
