# RIESLING & FRIENDS

## THE GREAT SOUTHERN

The Great Southern is renowned for its finely structured, elegant and long-lived Rieslings. Known for growing and producing some of Australia's best Riesling, the Great Southern is also Australia's largest wine region and home to almost 50 different wineries. Each of the 5 sub-regions is different in the way Riesling is expressed; part of the wonder of exploring Riesling from the Great Southern.

2017 Castelli Estate Riesling Great Southern WA 58  
97 Points Jamie Halliday

**CASTELLI ESTATE** This wine is the essence of what the Great Southern has to offer for Riesling. Sourced from four individual sub-regions of the Great Southern where each plays a role in bringing different characters to the overall wine. The lifted floral and rose petal aromas (essence of Mt Barker) are perfectly balanced on a central citrus/lime core (Albany, Porongurup influence) with talc like acidity and textural mid-palate weight (Frankland River). There are some very attractive nuances of perfumed stonefruit and crushed wildflowers

## SHIRAZ, SYRAH & BLENDS

GLS BTL

*Syrah and Shiraz are two names for the same grape.*

**SYRAH:** *This is the most common name. As a general rule, expect a lighter body perfumed wine compared to Shiraz, with dark fruit and spice flavours. Aussie producers have also started using the name Syrah for their wines, particularly in cool climate regions*

**SHIRAZ:** *It's a great way to distinguish the big, bold and lush wines with bright concentrated fruit and black pepper accents. Wine regions like the Barossa are warm climate, which produces much riper grapes and leads to the big rich flavours.*
