

An aerial photograph of a city skyline at sunset. The sky is a mix of orange, pink, and blue, with scattered clouds. A crescent moon is visible in the upper right. In the foreground, there's a multi-level event space with a flat roof and some structures. The city skyline in the background features several tall skyscrapers, some with construction cranes, and a large stadium with a distinctive blue and white domed roof. The overall scene is a high-angle view looking down on the city.
