VENUE FLOOR PLAN FOR COCKTAIL PARTY

Q&A

1. What time do I have to finish my event?

For day time events, we normally ask you to finish by 5.00pm so we have adequate time to turn around the venue for the night event. For night events, we will turn down the music to background level and call the last drink at mid-night, and close the venue by 1.00am.

2. Can I play my own music?

Yes, our sound system can be connected with 3.5mm jack, iPhone and C-type connection. We ask you to prepare 2 sets of playlist, one for the background music, one for your favourite dance music. However, please do note that we have noise control in place after 10.00pm due to the close proximity to the apartment building, but it will be still good enough for a dance party.

3. What is the most common package?

This depends on the type of events. For weddings, engagement parties, where you would like to fully cater your event, we would recommend to go with at least 8 selection of canapés and 5 hours BYO beverage package. For 21st, 30th or where you try to stay within the minimum spend, we recommend to go with 6 selection of canapés, and a limited bar tab then turn into a cash bar once tab finished.
