With sweeping, uninterrupted views of the Melbourne city skyline across Victoria Harbour, ATET is a one-of-a-kind venue that will leave your guests in awe.

We invite you to share your vision with us. Our team is ready to help create an unforgettable experience for you and your guests.

THE SPACE

THE VENUE

ATET is an event space unlike anything Melbourne has seen.

Built across two levels with capacity for 550 guests, ATET is a floating, open-air oasis designed for the ultimate event. With loose furniture and minimal fixtures, the space can be arranged to suit any occasion. ATET provides a blank canvas with endless possibilities.

The main deck is an expansive double height space defined by a geometric portal frame structure. An intimate mezzanine level overlooks the primary space below, while the Western Deck provides a breakout space at the rear of the venue.

ATET is designed with experience at front of mind. World class sound and lighting creates a surreal sensory experience. The d&b audiotechnik sound system provides an aural feast, while fully programmable pixel strip LED lighting wraps the inside face of the portal frames, creating a tunnel of light and movement.

Designed primarily as an outdoor, open-air space to enjoy beautiful sunny days, ATET is suitable for all weather conditions. Fully enclosable with a series of clear PVC panels to enable year-round use, the transparent enclosure provides protection from the elements while maintaining the open-air atmosphere.

FUNCTION SPACES

ATET features three distinct spaces that can be arranged to cater for groups of various sizes, from an intimate party of 20 guests all the way to full venue capacity of 550.

ATET is designed for cocktail style events. The atmosphere is relaxed and informal, with booths, lounges, and bar tables throughout the venue.

Please Note: Private bookings are available Monday – Friday only.

With the dramatic backdrop of the towering Bolte Bridge and breathtaking, uninterrupted views of the Melbourne city skyline across Victoria Harbour, the setting invokes a sense of the surreal.

In a forgotten place that time left behind, ATET is a floating island oasis.
