

Events at Public Wine Shop

Hello, and thank you for choosing us for your special occasion!

At Public Wine Shop we're passionate about creating and fostering a space that embodies the fundamentals of excellent hospitality. We love curating a positive experience for every single customer who steps through our door. We feel excited and humbled to be hosting your special event and want to help to make the day the best it can be. We love working with you to make it a truly personal and individual experience.

The Space

Our upstairs dining room is available for hire any day of the week, for both lunch and dinner services. It can hold up to 32 people for a sit down meal or standing style event. There are endless possibilities for how we can run an event in terms of food and beverage offering, however we have a base package detailed below to use as a starting point for your function.

Beverage Options

We are thrilled to offer a list composed entirely of wines produced from organically or biodynamically farmed grapes, made with zero manipulations/additions and bottled with zero preservatives. We believe that our wines speak clearly of their unique terroirs, express a true sense of place and are brimming with life.

We understand that every palate is unique and absolutely love finding the right wine(s) for you and your guests - as such we offer full access to our wine list on the day of your function, however if you would like to custom an offering based on your personal preferences and the days menu, we would love to discuss this with you. This could be a personalised wine matching or a curated list for your guests to choose from.

In addition to our wines, we have a selection of excellent ciders, beers, spirits and non-alcoholic options that match our ethos available.

Music & Decorations

We want you to feel comfortable using the space as your own, this includes access to our beautiful sound system. With bluetooth capabilities you can connect your own device, or, let us know what you like to listen to and we will happily tailor the music to you.

Additionally, if you have decorations you would like to bring along that can be accommodated in our space, you are more than welcome to - we can offer early access to the space prior to your event.

We can also put you in touch with our florist if you would like to discuss something special for the space on the day.

Customising your event

We understand that it can be the small things that help to make your event feel personal and extra special. If you have any ideas or requests for the day please do not hesitate to share them with us and we will do our absolute best to accommodate!
